

SECTION 1: Identification

Product form: Dry Powder

Substance name: Lignite Derivative Mixture

CAS No.: None-Mixture

Synonyms: None

Intended Use Of The Product: Lost Circulation Material

Turbo-Chem International, INC.

P.O. Box 60383

Lafayette, LA 70596

1.337.235.3098

Emergency number : (Chemtrec) 1.800.424.9300

SECTION 2: Hazards identification

GHS-US classification

Eye Irrit. H320

Resp Irrit. H334

Skin Irrit. H316

GHS07

Signal word (GHS-US)

: Warning

Hazard statements (GHS-US)

H320 - May cause mild eye irritation

H334 - May cause respiratory irritation/difficulty in breathing

H316- May cause mild skin irritation

Precautionary statements (GHS-US)

P281 - Use personal protective equipment as required.

P285 - In case of inadequate ventilation, wear respiratory protection.

P301+P311 - If ingested: Contact a physician if large quantities are ingested.
 P304+P341+P313 - If inhaled: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Administer oxygen if breathing is difficult and contact physician.
 P302+P352 - If on skin: Wash with soap and water.
 P305+P351+P338+(P337+P313) - If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do - Continue rinsing. If eye irritation persists, contact physician.
 P306+P362- If on clothing, take off contaminated clothing and wash before reuse
 P501 - Dispose of contents/container according to local, regional, national, and international regulations.

SECTION 3: Composition/information on ingredients

Under dusty conditions, should be considered a nuisance particulate having a OSHA TWA limit of 15 mg/m³ total dust

Name	Product Identifier	%	GHS-US classification
None Available	None Available	None Available	None Available

SECTION 4: First aid measures

First-aid measures general: Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice.

First-aid measures after inhalation: When symptoms occur: Remove to fresh air and keep at rest in a position comfortable for breathing. Administer oxygen if breathing is difficult and call a POISON CENTER/doctor/physician if you feel unwell.

First-aid measures after skin contact: Wash with soap and water.

First-aid measures after eye contact: Immediately flush with copious amounts of water to remove all particles. See a physician if irritation persists.

First-aid measures after ingestion: Contact a physician if large quantities are ingested.

Most important symptoms and effects, both acute and delayed

Symptoms/injuries: May cause eye, skin and respiratory tract irritation/damage.

Symptoms/injuries after inhalation: Excessive dust inhalation may cause difficulty in breathing.

Symptoms/injuries after eye contact: May cause slight irritation.

Symptoms/injuries after ingestion: None known.

Indication of any immediate medical attention and special treatment needed

If medical advice is needed, have product container or label at hand.

SECTION 5: Firefighting measures

Extinguishing media

Suitable extinguishing media: Water, Dry chemical, alcohol foam, carbon dioxide.

Special hazards arising from the substance or mixture

Fire hazard: Avoid dusty conditions

Hazardous Combustion / Decomposition Products: Carbon Monoxide and Carbon Dioxide compounds may form on combustion.

Advice for firefighters

Firefighting instructions / Special Firefighting Equipment: Wear self contained breathing apparatus.

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures

General measures: Avoid creating dust.

For non-emergency personnel

Protective equipment: Use appropriate personal protection equipment (PPE).

Environmental precautions

None known

Methods and material for containment and cleaning up:

Methods for cleaning up: Vacuum or scoop up

Reference to other sections

See heading 13 for disposal information.

SECTION 7: Handling and storage

Precautions for safe handling: Avoid prolonged contact with skin. Do not get in eyes. Avoid breathing dust. Launder contaminated clothing and clean shoes thoroughly before use.

Hygiene measures: Handle in accordance with good industrial hygiene and safety procedures. Wash hands and other exposed areas with mild soap and water before eating, drinking, or smoking and again when leaving work.

Storage conditions: Store in a dry location.

Incompatible products: Strong oxidizers.

Incompatible materials: Hazardous polymerization will not occur.

SECTION 8: Exposure controls/personal protection

Control parameters

SYN-Trol:		
USA OSHA	OSHA (TWA) (mg/m ³)	
		15 mg/m ³ total dust.
		2 mg/m ³ respirable dust fraction.

SYN-Trol

Safety Data Sheet

Exposure controls

Appropriate engineering controls : Ensure all national/local regulations are observed.

Personal protective equipment : Insufficient ventilation: wear respiratory protection. Protective goggles.

Hand protection : Non-Cloth gloves are sufficient
Eye protection : Goggles (Under dusty conditions)
Skin and body protection : None
Respiratory protection : Select an appropriate respirator as required by 29CFR 1910.1043

Other information : None.

SECTION 9: Physical and chemical properties

Information on basic physical and chemical properties

Physical state : Solid
Appearance : Powder
Colour : Brown - Black
Odour : Slight
Odour threshold : No data
pH : 5-9
Relative evaporation rate (butylacetate=1) : No data available
Melting point : No data available
Freezing point : No data available
Boiling point : No data available
Flash Point : No data available
Auto-ignition temperature : No data available
Decomposition Temperature : No data available
Flammability (solid, gas) : No data available :
Vapour pressure : No data available
Relative vapour density at 20 °C : No data available
Relative density :
Density : 1.31 (SG)
Solubility : In water -Partial
Log Pow : No data available
Log Kow : No data available
Viscosity, kinematic : No data available
Viscosity, dynamic : No data available
Explosive properties : No data available
Oxidising properties : No data available
Explosive limits : Not applicable

SECTION 10: Stability and reactivity

Chemical Stability Stable

Conditions to Avoid Do not store near open flame.

Incompatible Materials Strong oxidizers.

Hazardous Decomposition Products Carbon oxides (CO, CO₂) and very high boiling organic compounds may form on combustion.

SECTION 11: Toxicological information

Information on toxicological effects

Acute toxicity : None

No Toxicity data is available	

Skin corrosion/irritation: May cause slight irritation.

Serious eye damage/irritation: May cause slight eye irritation.

Respiratory or skin sensitisation: None known

Germ cell mutagenicity: Not classified

Carcinogenicity: No

Reproductive toxicity: No

Specific target organ toxicity (single exposure): None

Specific target organ toxicity (repeated exposure): None

Aspiration hazard: Not classified

Symptoms/injuries after inhalation: May cause respiratory irritation.

Symptoms/injuries after eye contact: May cause eye irritation.

Symptoms/injuries after ingestion: None known.

SECTION 12: Ecological information

Toxicity

No data available	

Bioaccumulative potential

Not established.	

Mobility in soil

No additional information available

SECTION 13: Disposal considerations

Waste treatment methods

Water disposal Method: Landfill or incinerate under conditions that meet all federal, state and local regulations.

SECTION 14: Transport information

In accordance with DOT,TDG,IMDG,ICAO/IATA : Not regulated for transportation

SECTION 15: Regulatory information

US Federal regulations

SYN-Trol	
Sara 311/312 Hazard Category: Acute	
This product contains no chemicals which are listed as hazardous waste when disposed and does not exhibit any characteristics of hazardous waste.	This product is not subject to the referenced SARA and CERCLA regulations. 31 TAC335.501 This product and empty containers which contained this product may be classified as Class 2 waste.

SYN-Trol

Safety Data Sheet

US State regulations

SYN-Trol

State or local regulations

Not regulated for transportation.

SECTION 16: Other information

Indication of changes : 04/22/2014

Other information : This document has been prepared in accordance with the SDS requirements of the OSHA Hazard Communication Standard 29 CFR 1910.1200.

GHS Full Text Phrases:

H320	May cause eye irritation
H334	May cause respiratory irritation/difficulty in breathing
H316	May cause mild skin irritation

NFPA health hazard : 1 - Exposure could cause irritation but only minor residual injury even if no treatment is given.

NFPA fire hazard : 1 - Combustable if heated

NFPA reactivity : 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.

HMIS III Rating

Health : 1 Slight Hazard - Irritation or minor reversible injury possible

Flammability : 2 Moderate Hazard

Physical : 0 Minimal Hazard

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
